

THE 15th SEOUL UROLOGICAL SYMPOSIUM

---

# 제15회 서울 비뇨기과학 심포지움

Male Infertility:  
“What is new  
in varicocele and azoospermia?”

- 일시 : 2005년 3월 26일 (토) AM09:00 ~ PM17:00
- 장소 : 서울대학교병원 본원 지하 A강당

주 최 : 서울대학교 의과대학 비뇨기과학교실

후 원 : 서울대학교 의과대학 비뇨기과동문회

# 2005년 제15회 서울비뇨기과학 심포지움 일정표

- 일시 : 2005년 3월 26일 (토요일) 오전 9시 ~ 오후 5시
- 장소 : 서울대학교병원 본원 지하 A강당
- 제목 : Male Infertility: What is new in varicocele and azoospermia?

09:00	등 록		
09:00-09:30	개회사		
<b>I . Varicocele</b>		좌장: 백재승	
09:30-09:45	Overview of varicocele: incidence and diagnosis	울산의대	안태영
09:45-10:00	Pathophysiology of varicocele: based on molecular and genetic study	보훈병원	구자현
10:00-10:20	Varicocele treatment in the light of evidence based medicine	Kansai의대	Tadashi Matsuda
10:20-10:40	Adolescent varicocele: to treat or not to treat?	원자력병원	박관진
10:40-10:50	Subclinical varicocele: to treat or not to treat?	성균관의대	이성원
10:50-11:00	Varicocelectomy in azoospermic men: recovery of spermatogenesis?	Tennessee의대	Edward Kim
11:00-11:20	<i>Coffee break</i>		
11:20-11:40	Microscopic varicocelectomy: is it the best option available?	성균관의대	서주태
11:40-12:00	Surgical tips and tricks for microscopic varicocelectomy	서울의대	김수용
12:00-12:30	Panel discussion 1) How is varicocelectomy beneficial to fertility? 2) What are the surgical indications of adolescent varicocele? 3) Treatment of subclinical varicocele: is it necessary? 4) Surgical approach of microscopic varicocelectomy: subinguinal versus inguinal 5) Should the testis be delivered in microscopic varicocelectomy?		
12:30-13:20	<i>Lunch</i>		

<b>II . Contemporary Issue</b> 좌장: 이상은			
13:20-13:45	Nerve-sparing radical prostatectomy and autologous sural nerve graft	Tennessee의대	Edward Kim
<b>III . Memorial Lecture</b> (고 이희영 교수님) 좌장: 최 황			
13:45-14:10	Epididymovasostomy: past, present, and future	Kansai의대	Tadashi Matsuda
<b>IV . Azoospermia: Nonobstructive versus Obstructive</b> 좌장: 백재승			
14:10-14:30	What is the current status of ICSI?	서울의대	최영민
14:30-14:45	Sperm retrieval in nonobstructive azoospermic patients: technique of microdissection in testicular sperm extraction	미즈메디	김종현
14:45-15:10	<i>Coffee Break</i>		
15:10-15:30	Predictors of surgical outcome in epididymovasostomy	성균관의대	이성원
15:30-15:50	What is the role of epididymovasostomy in vasectomy reversal?	Tennessee의대	Edward Kim
15:50-16:10	Surgical tips and tricks for epididymovasostomy	Kansai의대	Tadashi Matsuda
16:10-16:20	New technical aspects in epididymovasostomy: invagination technique	서울의대	김수웅
16:20-16:50	Panel discussion 1) What are your opinions on the efficacy of microsurgical testicular sperm extraction (TESE)? 2) What is the most important predictor of surgical outcome in epididymovasostomy? 3) Can you offer any surgical tips and tricks regarding epididymovasostomy? 4) What are your opinions on the new surgical technique in epididymovasostomy (invagination technique)?
